

Summer Holiday Homework

Class – 4th

"In the summer, the days are long, stretching into each other. Out of school, everything was on pause and yet happening at the same time, this collection of weeks when anything was possible."

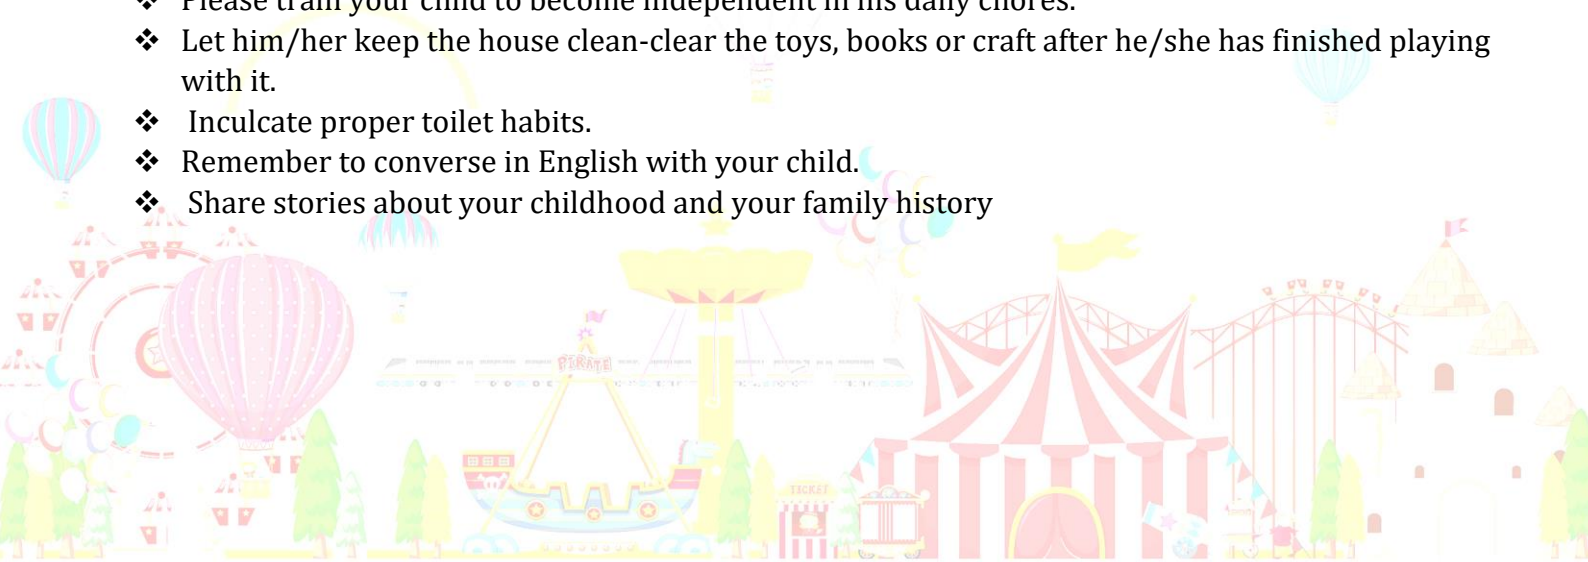

Holiday Homework is an attempt to enhance children's imagination. Doing it in the right spirit with enthusiasm will make it a great learning experience.

Dear Parents,

There is no doubt that vacations are the most appropriate time for the students to refresh and rejuvenate themselves to showcase their performance more enthusiastically. Children have ample energy which needs to be channelized in the right direction to get the best out of them. Keeping this in mind the holiday homework has been designed to make them more observant and confident.

Let's share some tips to make this period a fruitful and happy period for them
