SESSION 2026-27
Holiday Homework
Class – VIII

USE YOUR HOLIDAYS WISELY – LEARN, EXPLORE AND GROW!

Dear Parents,

There is no doubt that vacations are the most appropriate time for the students to refresh and rejuvenate themselves to showcase their performance more enthusiastically. Children have ample energy which needs to be channelized in the right direction to get the best out of them. Keeping this in mind the holiday homework has been designed to make them more observant and confident. Let's share some tips to make this period a fruitful and happy period for them

- Have at least two meals together with your children.
- Teach them the importance and hard work of the farmers and ask them not to waste their food.
- Let them wash their own plate after every meal. Children learn dignity of Labor from such activities.
- Allow them to help you in cooking. Let them make their own vegetable and fruit salad.
- Nurture your child's interest – be it art, music, dance or anything else.
- Let him/her pursue a hobby of his /her own choice.
- Please train your child to become independent in his daily chores.
- Let him/her keep the house clean-clear the toys, books or craft after he/she has finished playing with it.
- Share stories about your childhood and your family history.

SMALL EFFORTS DURING HOLIDAYS CREATE BIG ACHIEVEMENTS IN SCHOOL.
